**FOR THE MONEY REPRESENTED BY THREE
TEN CENT DRINKS A DAY FOR A YEAR**

Any grocer in your town will give you the following groceries:

15 Fifty-pound Sacks of Flour,	50 Cans Tomatoes.
20 Bushels Potatoes.	10 Dozen Oranges.
100 Pounds Granulated Sugar.	20 Dozen Bananas.
10 Pounds Salt.	50 Cans Corn.
50 Pounds Butter.	25 Pounds Beans.
20 Pounds Rice.	100 Cakes Soap.
50 Pounds Oat Flakes.	1 Pound Pepper.
25 Pounds Coffee.	4 Gallons Molasses.
5 Pounds Tea.	20 Gallons Oil.

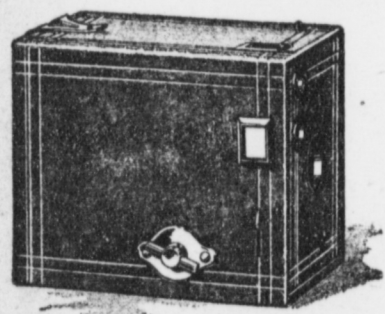

And there would be enough money left to buy a good present for your wife and babies.

Mr. Grocer, is the saloon good for your business?
Mr. Drinking Man, READ THE ABOVE LIST OVER WITH YOUR WIFE BEFORE YOU VOTE.

I LOVE YOU, MASON COUNTY

I love you Mason County, you're the greatest of them all,
I love you too sincerely to contribute to your fall
By voting for the rum curse which every where devours
And blights and blasts and withers as the mildew does the flowers.
I love you Mason County, you're the finest one by far,
In the list of all the counties, the brightest fairest star.

May my hand forego its cunning and my tongue its speech forget,
If I ever cast my ballot to keep Mason County "Wet."
I love you Mason County, you're the land of my desires,
I love your maids and matrons, I love your sons and sires,
I love your splendid people, and to help them toward the sky,
I swear to do my utmost to make Mason County "Dry."

KANSAS AGAIN

Nolan Rice Best, EDITOR, THE CONTINENT, having made exhaustive study regarding the rate of insanity in various States concludes that the reason the rate is apparently higher in Kansas than in Nebraska and some other States is because Kansas has made more "philanthropic and scientific advance in its duty toward citizens of disordered minds." Because of the humane and scientific care given the insane in their State institutions, people of Kansas are more willing than in the other States to commit their insane to the care of the State. The State by law requires all insane sent to State hospitals. None are permitted to remain in county or private charge, which means that in advanced Kansas all crazy people are in the humane and scientific care of the State Asylum, while in other States many are in their homes or in the county almshouses.

There is nothing in a prohibition policy to increase insanity and nothing in the license policy to decrease it. On the contrary the national convention of neurologists in Chicago this summer declared: "Alcohol when taken into the system acts as a definite poison to the brain and other tissues and the effects of this poison are directly and indirectly responsible for a large portion of the insane, epileptic, feeble-minded and other forms of mental, moral and physical degeneracy."

They further adopted this resolution: "WE UNQUALIFIEDLY CONDEMN THE USE OF ALCOHOLIC BEVERAGES AND RECOMMEND THAT TURES TAKE STEPS TO ELIMINATE SUCH USE."

Let KANSAS SPEAK for herself in another column.

A well-known member of a well-known Maysville family, now living in Chanute, Kansas, during a recent visit to his old home, bore eloquent and enthusiastic testimony to the good effects of prohibition in Kansas and said there was among the rising generation born and reared where saloons are unknown, a wholesome disapproval of the whole liquor traffic. He added that having known the advantages of a prohibition town and State, he would not want to rear his family in a "WET" town or State.

Testimony of the same character was given by a physician, member of a distinguished Washington family, recently here on a visit.

A NOTABLE FACT IS THAT THE MAJORITY OF TRAVELING SALES MEN TESTIFY IN FAVOR OF THE GOOD EFFECTS OF PROHIBITION.

Follow the example of the OLD DOMINION, THE MOTHER STATE, VIRGINIA, and VOTE DRY instead of the three erring counties in Kentucky. Join the majority of counties that will vote "DRY" on the 28th.

FARMERS REALLY HAVE MORE COMMON SENSE than he who assumed to have a monopoly of it thinks they have. They know that TOBACCO does not make their hands miss time from work and cut and bruise them up—that it does not make disease, poverty and crime and the highways dangerous.

They know that TOBACCO belongs in the CLASS with TEA and COFFEE; which while they may harm the INDIVIDUAL do NOT make him a MENACE to the COMMUNITY.

They know that ALCOHOL belongs in the class with MORPHINE and COCAINE and that they deprive the individual of his REASON and SELF-CONTROL and make him a MENACE TO THE COMMUNITY.

When tobacco disqualifies a man to take care of his family and makes him dangerous to others there will be a protest against its use.

A man who has suffered from the drink habit is the best qualified witness against it.

Liquor men are in the business to CREATE A DEMAND for liquor by advertising and pushing their business in every possible way.

If the sale of liquor can be prohibited for one generation, the people will become sober and clear headed.

The man who drinks alcoholic beverages commits ONE sin.

The man who drinks alcoholic beverages and votes "WET" commits TWO sins, like "Jeroam, who sinned and made Israel to sin."

The unenslaved drinkers vote "DRY" because they are willing to forego the indulgence for the general good.

Many enslaved drinkers want an impassable gulf put between them and their worst enemy and they want also to protect others from what they have themselves suffered.

PROHIBITION DOES NOT PROHIBIT AND HURTS BUSINESS MATERIALLY

Prof. Henry Lloyd, secretary of the Fayette County Local Option League, a native of this County, a member of the well-known Lloyd family of Germantown, wrote a letter to the Hon. Edward O. Leigh of Bowling Green, Ky., asking his opinion and observation concerning the operation of prohibition laws in Kentucky, and below we print Mr. Leigh's answer. It is full of things of interest to the people of Maysville and Mason county, and every voter and taxpayer should read it.

Mr. Henry Lloyd, Secretary Fayette County Local Option League, Lexington, Ky.

Dear Sir:—
I have the honor to acknowledge receipt of your letter of the 26th inst., asking my opinion or observation concerning the operation of prohibition laws in Kentucky. Answering your questions numerically, I believe I can truthfully say:

1. That enmity, strife and bitterness ARE engendered under attempted enforcement of prohibition laws.

2. That prohibition does not prohibit, but places the unlicensed sale of liquors in the hands of the irresponsible men, negroes low whites, and law-breakers who have little thought of the punishment, even when they are caught, which is infrequent.

3. In the case of Bowling Green, to take a concrete example, the voting out of licensed saloons has materially hurt business and every man not a fanatic or a policeman or a politician, who is desirous of working on the credulity of the unthinking, will tell you the same.

4. If there has been any diminution in crime, pauperism or insanity, since the county of Warren voted the saloons out of Bowling Green, the records of the court do not show it. There are

about the same number of drunks brought before the court as during the period of license, and our County Judge, himself an ardent prohibitionist, has his officials out with a dragnet raking in the alleged vagrants. I think I notice in the court columns of my paper today where half a dozen "vags" were arraigned in court, and in the same court two persons were adjourned insane and ordered to the asylum.

Mind you, I do not attribute these things to prohibition or to the lack of it. Such conditions may be brought about from other sources. It is also probably true that the same hard times could have been brought about with or without saloons. Certain it is that since the saloons closed here six months ago, there has been no improvement in the morals, the religion nor the health of this community.

LOVE.

"Love is an overrated passion," said Butler Glaenger, the essayist and critic, at a dinner at the Players' Club in New York.

"A fat, bow-legged clerk of middle age, earning \$25 a week, meets a beautiful girl, a peerlessly beautiful girl, a girl for whom he well knows there's nothing good enough—and he confidently offers her himself."

Mr. Glaenger's eyes twinkled behind his pince-nez. "And that," he said, "is love."

COLDS AFFECT THE KIDNEYS

Many Maysville People Have Found This to Be True.

Are you wretched in bad weather? Does every cold settle on your kidneys?

Does your back ache and become weak?

Are urinary passages irregular and distressing?

These symptoms are cause to suspect kidney weakness.

Weakened kidneys need quick help.

Doan's Kidney Pills are especially prepared for weakened kidneys.

Grateful people recommend them.

A. Sorries, locksmith, Aberdeen, O., says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten. Colds always settled on my kidneys. I used Doan's Kidney Pills and they stopped the trouble and my kidneys became strong."

The above is not an isolated case. Mr. Sorries is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Sorries had. 50c all stores. SENATOR CAMDEN WILL REWARD TRUSTEES.

Senator Johnson N. Camden writes the Kentucky Illiteracy Commission from Washington that he will give \$50 to the trustee who, in the judgment of the Kentucky Illiteracy Commission, aids in making the best moonlight school in the State. This prize will be awarded on reports of campaigning done by trustee to secure attendance at the school, on the trustee's own attendance, and other activities which the trustee may perform toward making the school a great success. There is yet time for any trustee in the State to compete for this prize. The second session of moonlight schools begins October 5th, and thousands of such schools will open then, while many others will continue their sessions already begun. Senator Camden sent his check to the Commission and the prize will be in the hands of the trustee by Thanksgiving. Senator Camden also writes his hearty endorsement of this movement, which he is watching from Washington with interest.

BRIDGE PIER IN CEMETERY

In locating the pier for the new bridge which is to span the Ohio river at Sciotoville, it has been found that one must be erected in the Vinton Pice cemetery. The burial ground comprises about one acre of ground. According to an agreement entered into by the C. & O. officials and the Porter township trustees the C. & O. will compensate them for the ground and remove all the bodies to the Wheelersburg cemetery. The burying ground has been in bad shape for some time because the Little Scioto river has washed part of it away so when the township trustees got a chance to sell the "silent city" they did so without any hesitation.

SECOND SESSION OF MOONLIGHT SCHOOLS.

The second session of moonlight schools begins October 5th, and this bids fair to be better than the first session, for most of the teachers who gained experience in the first session are just ready now for good work. Also the Kentucky Illiteracy Commission is better equipped in the matter of supplies and in their drills on good roads, health, agriculture, domestic science, etc. Any teacher who desires supplies or information will please write the Kentucky Illiteracy Commission, Frankfort, Ky. Also, all who are teaching or who propose to teach a moonlight school should write this Commission, at Frankfort, and get credit for their work.

Royal Baking Powder is absolutely pure and wholesome. It is made from highly refined, pure, cream of tartar, an ingredient of grapes. Not an atom of unwholesomeness goes into it; not an unwholesome influence comes from it. It perfectly leavens the food, makes it finer in appearance, more delicious to the taste, more healthful.

Its superiority in all the qualities that make the perfect baking powder is never questioned.

THE ELECTION AND THE COLORED VOTER.

Editor Public Ledger:

Permit a word to my people in this city.

The contest now on is so fraught with so many vital interests to all sane people in general and my people in particular that I believe no man or woman can be disinterested or careless about it. Several methods may be used to keep my people from exercising the franchise in a way that will show we are worthy our citizenship, viz.: (1) Have them stay away from the polls; (2) Go out of town, or (3) sell their vote. Whatever white people, who own the land and therefore pay the taxes, have the influence, education and money may do or not, my people can not afford to do either of these things and then hope to retain self respect with decent and intelligent people wet or dry. We, as a people can not afford to vote wrong. We vote wrong, when we refuse to vote for then the vote counts on the other side; when we go out of town to avoid voting we show moral cowardice and pusillanimity and when we sell the vote we lay ourselves liable to be sent to the penitentiary. Every vote bought is the price of our wives, babies and home and removes all protection or defense from them. The ballot was given us for our protection and when we prostitute that vote by refusing to use it or selling it we have no right to ask for protection either of our homes and loved one or ourselves, as we are outlawed by ourselves. I believe it the duty of every respectable member of my race to join with those cultured and tax paying white men, women and children who will parade Saturday to let the city know where we stand. The statement that to march in the procession will reflect upon us. Now do not some of us—and it will be so Saturday—follow the circus and band all around town and in our hurry forget to change our clothes? Certainly we do. Then where does the humiliation come in when we march beside some of the best and most cultured white people of this city? This is our opportunity to show that all colored people are not alike. I am anxious for every member of our race worthy of citizenship to be in that parade looking as neat and clean and happy as can be. It will be worth much to us in the future. If on Monday our good women will help us get more of our men to join us in voting dry it will demonstrate the fact that we are not "undesirable citizens" but are interested in the uplift of humanity. The statement that the town going dry will increase taxes should not cause us to worry as the white people pay the bulk of the taxes any way. Do not be misled into a compromising position, but go to the poles like the men we are and vote dry no matter if you are drunk 5 days in the week. I have some good wet friends but I want my people Monday to help make them dry. When the thing is done they will thank us as the slave holders did after slavery was abolished. I believe we will arise in our manhood and vote dry.

L. M. HAGOOD.

HIS FACE HAS MADE HIM HIS FORTUNE.

He's spoken of as Fanny Bunney, because he is said to be the funniest man in the world. Some people call him Sunny Bunney on account of his disposition. Honey Bunney, as he is a big favorite with the children; Money Bunney, because he is rapidly becoming a millionaire.

The saying, "Beauty is only skin deep," was never more forcibly illustrated than in the case of Bunney. It is a face once seen never forgotten. Bunney is not the handsomest man in the world and friend John does not care a rap. The people in all quarters of the globe passed judgment on the Bunney "map" and they gave evidence of their satisfaction by making him the most talked of, as well as the most popular, comedian in all languages, as well as in all countries.

John Bunney was born in New York City September 21, 1863. He was educated in the Brooklyn public schools and St. James' (Brooklyn) High School with no degrees. His first position was clerk in a general store. His first professional work was as a tambor end man in obscure minstrel companies at about 20 years of age. Bunney has been on the stage nearly 30 years, having supported Maud Adams, Annie Russell, Ed Smith Russell and appearing under the management of H. W. Savage, W. A. Brady, Charles Frohman, Daniel Frohman, Shubert and others, in everything from minstrelsy to Shakespeare. His last professional engagement was with Weber and Fields.

Bunney entered the pictures in 1910, at \$40 per week, and in three years worked his salary to \$1,000 per week. He has refused many vaudeville offers at \$1,500 weekly. He will make a tour of the world, which will occupy two years time, after which he will pose for the Vitagraph for one year and then retire. By that time he will be millionaire Bunney.

PUBLIC SALE

If not sold privately previously, and considering the serious condition of my eyes, I will offer at Public Sale to the highest bidder on October 14th, 1914 at two o'clock, p. m., at the courthouse in Maysville, Ky., my farm, containing one hundred and fifty-two acres, two rods and twenty-six poles. It is situated on the Minerva and Dover turnpike, about one and a half miles from Fern Leaf. This farm has on it a residence of nine rooms and another house of five rooms, and the necessary out-buildings; also a splendid tobacco barn, eighty-four feet long, a stripping house and large ice house. It is well fenced, with woven wire fence, and well watered. Is all in grass but about fifteen acres, which is in corn. I have no hesitancy in stating that this is one of the best farms in that location of the county, all of the land is walnut, sugar tree and ash, grows a very fine quality of tobacco. There is also an abundance of locust timber and sufficient fruit. It is convenient to one of the best schools in the country, with four school wagons passing to convey the children to school, also several churches near, and is in a splendid neighborhood, which is very essential in seeking a location. The farm will be offered as a whole and in two tracts, as it can be divided and make two nice-size farms with a house on each. Possession given November 2nd, 1914, with the exception of the corn land, which will be when the corn is cribbed. Terms of sale, one-third of the purchase money November 2nd, 1914, and the other two-thirds in one and two years, with a lien retained on the land and six per cent. interest per annum on deferred payments. If the purchaser prefers they can pay all cash. The right is reserved to reject any and all bids if not satisfactory.

Any one wishing to buy will please call at my rooms at the residence of Mr. P. W. Wheeler, 221 West Second street, Maysville, Ky.

GET TO WORK, "DRYS"

Let it be said without question that it was bad policy for the Drys to hold elections in Daviess, Christian and McCracken counties just one week before elections are held in twelve counties with larger county population in proportion to the total population.

The "Drys" have been apprehensive because of the size of Paducah, 22,760; Owensboro, 16,011, and Hopkinsville, 9,419, and because of the large whisky interests in those cities.

Already Kentucky has 98 "DRY" counties to 22 "WET" counties. Without question the election in twelve counties on the 28th will give the "DRYS" a majority of the twelve. This will make it easier to pass a State-wide prohibition measure at the next session of the General Assembly.

The "DRYS" want Mason county's vote for the State-wide measure. They need it all the more since they will not have the three counties just mentioned. We are not willing to admit that a majority of the people in our county seat are willing to vote PUBLICLY TO EXPOSE FOR SALE A HABIT FORMING, POISONOUS DRUG THAT DEPRIVES MEN OF THEIR REASON AND SELF-CONTROL. But if it should be that they are, two-thirds of the people in Mason county live outside of Maysville. A Maysville gives a "wet" majority, the "Dry" majority in the county ought easily to overcome it.

GET TO WORK "DRYS." POLE EVERY "DRY" VOTE IN THE COUNTY.

TO VOTE "DRY," VOTE NO.

CHILDREN'S PARADE DRILL-- NOTICE TO PARENTS

There will be a thousand or more children in this Parade, several bands, banners, regalia, etc., and everybody out for a good time and a memorable occasion. Come one, come all. Don't forget, this afternoon at 4 o'clock, Third Street M. E. Church. Parents invited to rehearsals.

PASTIME

"The Country's Going Dry"

LEST YOU FORGET THE "COUNTRY'S GOING DRY," we will again give you the results of the vote taken September 21st in Daviess, Christian and McCracken counties:

Daviess County, Owensboro, Majority
Against Prohibition.558

Christian County, Hopkinsville, Majority
Against Prohibition.587

McCracken County, Paducah, Majority
Against Prohibition.818

In the "Dry's" rosy rainbow tinted write up of Kansas in the issue of the Bulletin of September 18th a great many questions were asked, about Kansas, but we did not see these. We will therefore ask them as they may be of interest to the thinking voters:

What State has 11 per cent. more insane than Kentucky?

KANSAS.

What State has 20 per cent. more divorces for cruelty than Kentucky?

KANSAS.

What State has only 28.4 per cent. Church attendance while Kentucky has 37 per cent.

K-A-N-S-A-S!

THINK IT OVER.

Farmers in Mason county interested in the tobacco growing industry should stop, look and listen before they deposit a ballot for prohibition.

This crusade, if successful, will unquestionably be followed by a movement against tobacco.

If a precinct or town has separately put into effect the local option laws, such towns or precincts cannot become wet because the county as a whole votes "wet."

Any man who tries to prevent others from doing the things which he himself does, is a hypocrite.

Lots of people who talk "dry" live "wet." Others who talk "dry" are known to live "wet."

Liquor men are in the business to supply a demand for which they are not responsible and which prohibition does not abolish.

If the good people of Maysville and Mason county will stop drinking, the liquor dealers in Maysville might be given free license and they would not continue in the liquor business for thirty days.

Again, if our "dry friends," in Maysville and Mason county will live the way they talk fifty per cent of the liquor dealers will be out of business in sixty days.

Prohibition increases your taxes and devours them in fruitless effort to promote temperance with a club. Regulation promotes temperance and is a revenue maker and tax reducer.

Take your choice. Voluntarily voting taxes upon yourself will not be "a julep within a kick."

NEXT SUNDAY IS RALLY DAY.

The First M. E. Church South will observe next Sunday as Sunday School Rally Day, and it is earnestly hoped that the Home Department and former members of the school and church will be on hand at 9:30 a. m. An excellent program is planned and a delightful time is promised to all.
